Experienced in both frontend and backend development, with a strong emphasis on JavaScript, a diverse range of projects have showcased proficiency in various technologies. These projects have involved the creation of dynamic and interactive web applications, ensuring seamless user experiences. Noteworthy achievements include the development of responsive user interfaces, optimization of application performance, and successful integration of JavaScript frameworks. This extensive experience in frontend and backend development has enabled the contribution of high-quality code and innovative solutions. Collaborating effectively with cross-functional teams, project objectives have been consistently achieved.

Respectful self-motivator gifted at finding reliable solutions for software issues. Experienced in Web applications, Desktop apps and Mobile Apps. Fluent in English and German and accustomed to working with cross-cultural, global teams. Complex problem-solver with analytical and driven mindset. Dedicated to achieving demanding development objectives according to tight schedules while producing impeccable code.

Work History

2022-01 - Current

Software Developer
Rocklogic GmbH, Vienna

- Collaborated with project managers to select ambitious, but realistic coding milestones on pre-release software project development.
- Collaborated on stages of systems development lifecycle from requirement gathering to production releases.
- Revised, modularized and updated old code bases to modern development standards, reducing operating costs, and improving functionality.
- Updated old code bases to modern development standards, improving functionality.
- Designed intuitive graphical user interfaces to improve user experience.
- Developed software for desktop and mobile operating systems.
- Participated in software field testing to verify performance of developed projects.
- Discussed issues with team members to provide resolution and apply best practices.

- Designed reusable and reliable code for use within distributed cloud environments.
- Authored code fixes and enhancements for inclusion in future code releases and patches.
- Contributed ideas and suggestions in team meetings and delivered updates on deadlines, designs, and enhancements.
- Tested and deployed scalable and highly available software products.
- Developed next generation integration platform for internal applications.
- Corrected, modified and upgraded software to improve performance.

2019-09 - 2021-12

Freelance Web Developer

Freelancer, Vienna

- Oversaw technical issues and troubleshooting requests to resolve user problems.
- Designed, implemented and monitored web pages, plugins and functionality for continuous improvement.
- Planned website development, converting mockups into usable web presence with HTML, JavaScript, AJAX, and JSON coding.
- Implemented Google-based SEO and ad campaigns to meet budget specifications.
- Coded websites using HTML, CSS, JavaScript, and jQuery languages.
- Developed technical solutions required to accommodate specific user-facing assets

2018-09 - 2019-08

	WIFI Wien - Vienna, Austria

Competencies

Software Development

Product development

Programming

Web Security

API design knowledge

Search Engine Optimization

Hardware and software installation

Innovative

Technical Support

Architectural pattern development

Technical design documentation

Technical Profile

- HTML, CSS, JavaScript
- Bootstrap, Tailwindcss
- Node.js / Express
- Vue.js / Nuxt.js v3
- React.js / Next.js
- TypeScript
- PHP / Laravel

- Flutter / Dart
- Headless CMS
- Python / Django (Basic)
- Firebase
- Figma
- Git
- SQL / NoSQL Database

Accomplishments

- Develop project concepts and maintain optimal workflow
- Work with senior developer to manage large, complex design projects for corporate clients
- Carry out quality assurance tests to discover errors and optimize usability
- Software Developer - Rocklogic Gmbh - Vienna 01.2022 -
- Freelancer – Vienna

- Cooperate with designers and companies online
- Maintenance of the projects
- Developing projects
- Stereum Desktop App
- Stereum Web Page
- Stereum Mobile App
- RockLogic Gmbh Web Page

Custom

- Watching the latest movies
- Listening to and playing music
- Exploring nature with my dog
- Continuously learning about new technologies

Interests

Machin learning, Data Science, Python, AI
